STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BITTERS, which is a true tonic—a medicine universally recommended for all wasting diseases.

During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paralysis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food, and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.
G. DECKER.

BROWN'S IRON BITTERS is a complete and sure remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requiring a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.

A Common-sense Remedy. Salicylic Acid. No more Rheumatism, Cough or Neuralgia. Immediate Relief Warranted. Permanent Cure Guaranteed.

Five years established and never known to fail in acute, chronic, or rheumatic. Refer to all prominent physicians and druggists for the standard of Salicylic Acid.
THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.
SALICYLIC ACID is known as a common-sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.
It has been employed by eminent scientists for outward applications, such as rubbing with oils, ointments, liniments, and cooling lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.
SALICYLIC ACID works with marvelous effect on this acid and so removes the disorder. It is now extensively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cure in three days.

REMEMBER that SALICYLIC ACID is a certain cure for Rheumatism, Gout and Neuralgia. The most intense pains are subdued almost instantly. Give a trial. Relief guaranteed or money refunded. Thousands of testimonials sent on application.

HOME COMFORT.

After a Rainy Ride a Country Physician Tells What He Thinks of Some People.

"I wish to gracious some people would learn when they need a doctor and when they don't," exclaimed Doctor E., as he entered his house in a cozy little village in the interior of the State of New York. "I have been down on the mountains to see a man, who the messenger said, was very sick and not likely to live till morning, unless he had immediate help; and found him suffering from a rather sharp attack of colic, which his family might have relieved in ten minutes, if they had a grain of sense and two or three simple remedies in the house. But no! they must remain as ignorant as pigs, and when the least ache or pain takes them, send for a doctor, whether they pay him or not."

"Why, Doctor, what kind of simple remedies do you call them, do you expect people to keep in the house?" asked his wife, as she poured him a cup of hot tea for tea-to-morrow. "In this case," answered the Doctor, "if they had only put a BENSON'S CAPSICUM PAIN EXPELLER on the man's stomach, he would have been all right in an hour, and saved me a dreary ride."

Captain Cook.

The Hawaiian Islands were discovered by Captain Cook in 1778. When first seen by the natives, Captain Cook was taken for a returning God, who traditionally, had left them four centuries previous with a promise to return. Cook's men committed many indiscretions amongst the natives, and Cook himself ordered a palisade, which surrounded one of their temples, to be taken down, and used for some purpose. This incensed the natives to a high degree against him and his men, and they sought a chance to revenge themselves. This finally came. His men started a fracas with the people. Captain Cook went on shore to take one of their beloved chiefs on board his man-of-war, as security against an open revolt. The old chief, knowing that if he refused to go it might be of ill-consequence to his people, accompanied Cook willingly; but while going down to his boat they were surrounded by a great number of revenge-seeking natives, who did not want the old chief to pass out of their hands. The old chief exhorted them to refrain from any violent acts, but a young chief exclaimed: "He must die; yet if he is a God, he will be proof against this poignant thrust;" at the same time plunging a stiletto up to the hilt in his body. It pierced a vital part. He fell, writhing in the agonies of death. While he was lying on the ground, several exclaimed: "See, he is but a mortal!" This was the word that brought on the terrible mutilation of the body that followed, every one seeking to give the dying navigator a knife thrust. After his death one of the Kanakas disemboweled his body and hung the liver upon a part of the palisade. Some native children passing along there that evening, mistook it for a dog's liver, carried it home, had it prepared, and it was then disposed of as food. Thus it has gained credence why the Kanakas were and are yet regarded as cannibals by some nations.

A literary society in Grass Valley is known as "The Flower-ets," and the notelets of the Sacramento Bee says, "the bright girl of that rose-crowned townlet will hold their little meetlets on such daylets at such houselets as feel like entertaining the members, where they will diminutive the English wordlets to their heartlet's content."

In Lowell, Mass., resides Mr. P. H. Short, proprietor of the Belmont Hotel, who suffered with rheumatism for seventeen years without finding relief from any of the numerous remedies employed, until he applied St. Jacobs Oil: "I never found any medicine that produced such remarkable and instantaneous effect as it did," says Mr. Short.
